

# LEGENDS AND TALES ABOUT SANTIAGO DE COMPOSTELA

**Mª AURORA LESTÓN MAYO**

**SINOPSE**

Wandering saints and underground fairies, judicious bulls, and terrifying dragons, cunning queens, sleeping kings, and perverse bishop. They all converge in the mythical universe of Santiago de Compostela.

This compilation explores a variety of historical texts, medieval codices, and oral accounts in its search for these stories, with the aim of refreshing some popular legends and bringing others back from obscurity. With the purpose, in short, that we can all enjoy these treasures anew, but also to state something obvious: there is still much left to tell.
